

*** **30 November & 1 December 2011** ***

*** **You could receive over \$5000 of Manager software for *FREE* simply by attending** ***

A competitive business environment requires an efficient and productive business with outstanding customer service. Speaking to other business owners, listening to the range of presentations and attending workshops to learn more are the core reasons that Internetit holds these seminars. The chance to discuss current business issues with other business owners is invaluable and leads to networking in the future.

This is what Michael & Mandy Tomkins (Tomkins Kitchens - Rockhampton) said following the Cairns Seminar

"Our business found the Internetit seminar well worth attending, not only for the workshops but also the networking with others in the same or similar trades. At the seminar we find we all throw ideas around and listen to new ones to help our business's run more efficiently."

The Registration Fee of \$275 (inc GST) per person covers both days listed below, lunches and breaks.

Wednesday 30 November 2011

9am - 4:30pm Presentations by a variety of speakers
5pm - 7pm Savouries and Drinks
